EDUCATION

B.Tech - Information Technology

Barkatullah University Institute of Technology, Bhopal (BUIIT)

2023 – 2027

LANGUAGES

Native - Hindi

English (Professional)

OBJECTIVE

Computer Science student with hands-on experience building full-stack web applications and AI-integrated systems. Seeking an internship to contribute to real-world projects while advancing expertise in Python, Django, React, and modern backend development.

TECH STACK

Programming Languages: Python, JavaScript, HTML, CSS, Object-Oriented Programming (OOPs), Data Structures in Python, Linux (Ubuntu) Machine Learning , Agentic AI & Gen AI

Frameworks: Django & REST Framework, FastAPI, React, Tailwind CSS

Databases: MongoDB, PostgreSQL

Tools & IDEs: VS Code, PyCharm, Cursor, Git, GitHub, Docker

PROJECTS

AIU – Adaptive Intelligence Unit | *Django · React · OpenAI API · PostgreSQL · pgvector · Docker*

- Built a behavioral memory engine that builds persistent user context across sessions—not a chatbot, but a pattern-learning AI system.
- Integrated pgvector for semantic similarity search and OpenAI API for context-aware decision responses.
- Containerized with Docker for consistent deployment; live at production URL.

VIDA – AI Video-to-Study Material Generator | *Django DRF · React · Tailwind · Docker · NLP · YouTube API*

- Full-stack AI app that accepts a YouTube link and auto-generates summaries, key points, glossary terms, and quiz questions.
- Built scalable API-driven architecture with Django REST Framework and NLP pipeline for transcript extraction and processing.
- Study-ready outputs formatted for revision, not raw transcripts—shipped as a live demo.

CORE COMPETENCIES

Backend: REST API design, Django ORM, async FastAPI, JWT auth

Frontend: React.js component architecture, Tailwind CSS, responsive UI

AI/ML Integration: OpenAI API, NLP pipelines, vector search (pgvector), behavioral learning

DevOps: Docker, Docker Compose, Git workflows, Linux environment

WORK EXPERIENCE

Fresher – Actively building projects and seeking internship opportunities.
